AYINDE MARVELLOUS

SOFTWARE ENGINEER | FULL-STACK DEVELOPMENT | PRODUCT DELIVERY

Lagos, Nigeria | +234 815 932 6333 | ayindemarvellous04@gmail.com

PROFESSIONAL SUMMARY

Software Engineer experienced in developing and improving full-stack web applications, translating product requirements into functional features, and collaborating through delivery. Contributed to LENS AI, a business decision-support product built for Centric, designed to help organisations structure business context and workflows for better-informed decisions. Hands-on with TypeScript, Next.js, NestJS, PostgreSQL, React, and API-driven application development. Focused on maintainable implementation, solving practical product problems, and shipping useful software.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, PHP, SQL, HTML5, CSS3

Frontend: Next.js, React, Tailwind CSS, responsive UI development

Backend: NestJS, Node.js, REST API integration, Laravel, PHP OOP

Databases: PostgreSQL, MySQL

Tools and practices: Git, GitHub, AI-assisted development, debugging, feature implementation, iterative product development

PROFESSIONAL EXPERIENCE

Software Engineer | Centric

August 2025 – Present

- Contributed to LENS AI, a business decision-support product designed to help organisations make better-informed decisions by structuring business context, capabilities, workflows, initiatives, and value.
- Translated product requirements into application workflows and features, contributing across frontend and backend implementation.
- Worked with Next.js, TypeScript, NestJS, and PostgreSQL to develop and refine full-stack product functionality.
- Collaborated on improving existing product workflows and implementing changes as the product evolved.
- Used AI-assisted development tools to support implementation while reviewing generated output and making technical decisions.

Full-Stack Development Intern | Phigz Limited

2024

- Contributed to the CheckMyRef reference platform using React, PHP, and MySQL.
- Implemented and refined user-facing components and supported application features across the frontend and backend.
- Worked with a development team using established code and version-control workflows.

ADDITIONAL DEVELOPMENT EXPERIENCE

Chronicles Software — Software Development / SIWES: Worked with PHP OOP, Laravel and Eloquent, React, analytics workflows, Excel-based banking solutions, and database-backed application features.

EDUCATION

B.Sc. Computer Science (Technology) | Babcock University, Nigeria

GPA: 4.36 / 5.00
